**Newsweek Poll
Obama/Muslims
Princeton Survey Research Associates International**

Final Topline Results
(8/27/10)

N = 1,029 adults 18+ (697 landline interviews and 332 cell phone interviews)
Margins of error: plus or minus 3.7
Interviewing dates: 8/25-26/10

SAMPLE SIZE/MARGIN OF ERROR FOR TOTAL ADULTS SUBGROUPS:

314 Republicans (plus or minus 6.5)
334 Democrats (plus or minus 6.5)
310 Independents (plus or minus 6.9)

SAMPLE SIZE/MARGIN OF ERROR FOR REGISTERED VOTERS SUBGROUPS:

856 Registered voters (plus or minus 4.1)

284 Republican RVs (plus or minus 6.8)
280 Democrat RVs (plus or minus 7.1)
247 Independent RVs (plus or minus 7.8)

366 Obama-Approve RVs (plus or minus 6.3)
435 Obama-Disapprove RVs (plus or minus 5.6)

Notes: Data are weighted so that sample demographics match Census Current Population Survey parameters for gender, age, education, race, region, and population density.

Results based on smaller subgroups are subject to larger margins of sampling error. Sample size and margins of error for these subgroups are included in a separate methodology statement.

An asterisk () indicates a value less than 1%.*

RVA. Which ONE of the following three statements best describes you... **(READ)**

76 Are you ABSOLUTELY CERTAIN you're registered to vote at your current address, OR

7 Are you PROBABLY registered, but there is a chance your registration has lapsed, OR

16 Are you NOT registered to vote at your current address?

1 **(DO NOT READ)** Don't know

100

*1a/b. Suppose the elections for U.S. Congress were being held TODAY... Would you vote for (ROTATE: the Republican Party's candidate or the Democratic Party's candidate) for Congress in your district? [IF OTHER/UNDECIDED, RESPONDENTS WERE ASKED] As of TODAY, do you LEAN more toward... (ROTATE: the Republican or the Democrat) (running for Congress in your district)?

END OF INTERVIEW – THANK RESPONDENT:

That completes the interview. Thank you very much for your cooperation.

**Newsweek Poll
Obama/Muslims
Princeton Survey Research Associates International**

Methodology Statement
(8/27/10)

This poll was conducted by Princeton Survey Research Associates International from August 25-26, 2010. Telephone interviews were conducted with a nationally representative sample of 1,029 adults, 18 years and over, including 697 adults reached on a landline telephone and 332 adults reached on a cell phone. Results use a two-stage weighting procedure: 1) to account for number of adults in household and household phone use patterns; and 2) to adjust the sample demographics to Census Current Population Survey parameters for gender, age, education, race, region, and population density. The overall margin of sampling error is plus or minus 3.7 percentage points for results based on 1,029 adults. Results based on smaller subgroups are subject to larger margins of sampling error.

SAMPLE SIZE/MARGIN OF ERROR FOR TOTAL ADULTS SUBGROUPS:

314	Republicans (plus or minus 6.5)
334	Democrats (plus or minus 6.5)
310	Independents (plus or minus 6.9)

SAMPLE SIZE/MARGIN OF ERROR FOR REGISTERED VOTERS SUBGROUPS:

856	Registered voters (plus or minus 4.1)
284	Republican RVs (plus or minus 6.8)
280	Democrat RVs (plus or minus 7.1)
247	Independent RVs (plus or minus 7.8)
366	Obama-Approve RVs (plus or minus 6.3)
435	Obama-Disapprove RVs (plus or minus 5.6)

In addition to sampling error, the practical difficulties of conducting surveys can also introduce error or bias to poll results.
